

Feature	Benefit	Advantages
Our product has ...	Which ...	And that means ...
Waterproof Design	Keeps workers dry doing their work.	Your workers will be comfortable and able to work longer when it is raining and tasks need to get done.
Flame Resistant to Flash Fire and Arc Flash	Protects workers in their environment where flame hazards exist.	Since it is dual protected, you don't have to consider which flame hazard your protected against.
Stain and Soil Release	Keeps the garments clean and bright.	Workers garments maintain hi visibility compliance longer.
Breathable	Allows for heat and sweat to evaporate through the material.	Workers stay dry and comfortable.
Wicking Liner	Pulls sweat away from the body and evaporates it through the material.	Workers stay dry and comfortable.
Wind-Proof	Blocks winter's cold wind.	Workers stay dry, warm and comfortable.
Sizing options available from S-5XL and Longs and Talls	Workers can be correctly sized for rainwear that fits.	Workers are more willing to wear their rainwear and are going to be adequately protected and comfortable.
High Durability	Replace less rainwear over time.	Save money on your rainwear expenses.
High Visibility option for ANSI 107 Compliance	Protect your workers in environments that require high visibility especially in low light applications.	Safety vests do not need to be worn over rainwear to keep your workers safe and compliant.
3M Scotchlite™ Reflective Trim	Keeps workers visible in low light work environments.	Workers will be visible and safe in roadside traffic work zones.
