

# RAMPART FR

REVOLUTIONARY NEW PROTECTION  
FROM NASCO

## NASCO Rampart FR™

Designed for long-duration rain events but perfect for every foul weather condition, the Rampart FR jacket combines exo and endo moisture management systems to be an outstanding foul weather tool.

Rampart FR provides the wearer with an electrostatic dissipative shell in combination with a Polartec moisture management layer. This combination of layers includes superior arc ratings and flash-fire results using Rampart FR zonal protection design.

### With industry leading:

- ASTM F1891
- NFPA 70E Level 2
- ASTM F2733
- ANSI 107 compliance

Rampart FR is the most comfortable protective raingear ever developed.
