

Feature	Benefit	Advantages
Our product has ...	Which ...	And that means ...
<b>Waterproof Design</b>	Keeps workers dry doing their work.	Your workers will be comfortable and able to work longer when it is raining and tasks need to get done.
<b>Flame Resistant to Flash Fire and Arc Flash</b>	Protects workers in their environment where flame hazards exist.	Since it is dual protected, you don't have to consider which flame hazard your protected against.
<b>Chemical Splash Protection</b>	Protects against incidental contact with chemicals.	You can expand the use of the PetroStorm to applications you would need other chemical garments for. <b>One product for multiple hazards.</b>
<b>Extremely Lightweight</b>	Maximizes worker comfort due to the reduction of uniform weight the body has to carry. This offers relief in hot conditions where heat stress is a concern.	Workers stay comfortable and productive in their working conditions.
<b>Soft and Flexible</b>	Maximizes worker movement and comfort.	Workers are able to perform the work necessary to do the job.
<b>Designed by Lineman</b>	Increases worker functionality and acceptance.	Garments have the features that workers need to perform their job.
<b>Sizing options available from S-5XL and Longs and Talls</b>	Workers can be correctly sized for rainwear that fits.	Workers are more willing to wear their rainwear and are going to be adequately protected and comfortable.
<b>High Durability</b>	Replace less rainwear over time.	Save money on your rainwear expenses.
<b>High Visibility option for ANSI 107 Compliance</b>	Protect your workers in environments that require high visibility especially in low light applications.	Safety vests do not need to be worn over rainwear to keep your workers safe and compliant.
<b>Overall multi-hazard design combining durability and comfort</b>	Is the proper protection and greater comfort to workers doing their jobs.	Workers will be more satisfied and willing to wear their rainwear. It will also provide a cost saving since there will be fewer replacements.

**⚠ WARNING:** This product can expose you to chemicals including Di-2(ethylhexyl)phthalate (DEHP), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).
